Introduction to Dressmaking Beginners Crash Course

This one day course takes you back to the basics of machine sewing. Learn how to set up a sewing machine from scratch, including winding and loading a bobbin, and threading up the machine. Then move on to sewing a basic seam and hem.

Next you can put your new skills into practice and make an envelope cushion cover, no fastenings, just the seams and hems that you have just learned. Then move on to a second project with a choice of an apron, tote bag or drawstring bag.

If you don't have your own sewing machine, no problem! We have spares that you can use during the class.

We will advise on materials and equipment that you will need for the class.

Hot drinks and biscuits will be provided, bring a pack up!

General Dressmaking

Our popular general dressmaking courses are suitable for all sewing levels, as long as you can do the basics of setting up a sewing machine and sewing a hem and seam.

Each week you have the opportunity to learn and practice a sewing technique at the start of the lesson, all materials and equipment will be provided for the technique.

Bring along your own chosen project to work on with full tutor support throughout the course. This can be any sewing project, whether it is a clothing project, soft furnishings or a craft item like a bag or pencil case. If you need any guidance choosing a project, we are here to help!

Sunday Sewcials

Our monthly Sunday Sewcials are a great way to spend a chilled out Sunday, with like minded people, sewing uninterrupted! Leave behind the household chores and distractions, and spend some quality time with your sewing machine.

Cake and hot drinks are provided.

Christmas Extravaganza

Our new festive event is returning for a second year. We will be announcing the date and project in the next couple of months.

This will be a large scale, one day event, which will include a full project (fabric, pattern, notions and instructions provided) along with hot drinks, festive snacks and a lovely afternoon tea.
